For each of the four competing categories, the best technical result of the competition will be recognised. The athlete who achieves the highest score among the four best technical results will be awarded the **"Bernardino CECCARELLI" Honour Prize**.

The top three finishers in each event, upon completing their competition, must immediately make themselves available to the awards official, taking their place in the designated area located on the ground floor at the centre of the covered stands.

Award ceremonies will take place during the competition.

Art. 15

Team awards:

All participating teams will be awarded artistic trophies.

Art. 16

Rankings:

The team ranking will be based on all results achieved. Points will be awarded for individual and relay events. The highest score, corresponding to the number of participating teams, will be given to the first-place finisher. Scores decrease progressively by one point for each lower finishing position.

In the event of disqualification (DQ) or did-not-finish (DNF), the score will be 0 (zero).

In the event of a tie in result between athletes, the score will be assigned as the arithmetic mean of the scores for the two tied positions.

Example

In a ranking with 24 pts for 1st place, 23 pts for 2nd place and 22 pts for 3rd place, a tie for first place would result in:

Rank	Athlete	Score
1st	A.A.	$(24+23)/2 = 23.5$ pts
1st	B.B.	$(24+23)/2 = 23.5$ pts
3rd	C.C.	22 pts

Should some invited teams be unable to participate, the organising club reserves the right to request that the FIDAL provincial committees register a second team. In the event of a tie on points after the final event, the final team ranking will be determined by the best individual placements across all events and all categories. In the event of a further tie, the ranking will be determined by the sum of FIDAL points across all individual events and categories. If a tie persists, the final position will be awarded jointly.

Art. 17

For any matters not covered by these regulations, the technical rules issued by FIDAL shall apply.

Art. 18

The organising association declines all responsibility arising from the absence or irregularity of athlete registrations with their respective federations, and therefore the lack of federation insurance, for damages and any incidents that may occur to or be caused by the athletes themselves.
